Zaphir chimes are truly unique and captivating. Their ethereal tones have gained popularity among musicians, sound therapists, and enthusiasts who seek to create a harmonious ambiance that resonates with their souls. These chimes create a tranquil atmosphere that is ideal for relaxation, meditation, or simply adding a touch of tranquility to any space.

How to play it?

Move your Zaphir gently holding it by its cord or suspend it and it will play with the wind carrying you away in an unexpected melody. Either way, the astonishing relaxing sound may leave you in quiet wonder. You can also use a chime stand.

Each Zaphir produces it's own sound influenced by the 5 Feng Shui elements and seasons. Crystalide (Spring), Sunray (Summer), Sufi (Intermediary, Late Summer), Twilight (Autumn) & Blue Moon (Winter)

Your Zaphir Sufi - Intermediary (Late Summer):

The Sufi embodies the transition between the seasons of summer and autumn. It is highly recommended for sound healing, dream journeys and relaxation after Pilates/Yoga.
